The groups paraded from Elm Square, down North Main street and then to Stevens street for the exercises. It was the last parade to be led by Sergt. John Esther Art Gallery Classes

The John Esther Art Gallery at Abbot Academy is marking the close of a very full season with an exhibition of students' work. They are units representative of the work which the studio art department has done through the year under the guidance of Marion Mills Hatch as well as several pieces done by girls who have not taken this course but who have found that spare time may be entertainingly spent in this manner.

The exhibition is one which should appeal to all because of its variety. There is definite accent on pure functional design with purpose in mind of youth in fabric, in wallpaper, and inoleum. The medium in most cases has been temper on cloth of various weaves and textures. Charts of progressive design show the development from the first inspiration of the finished product. There is something for every taste; charcoal sketches, pen and ink drawings, oils, colored crayon, chalk and pencil sketches. Subjects include: interpretations of music and emotion, drawings from life, memory work done of objects and paintings previously shown in the gallery. Illustrating the different mediums which may be employed, is the cunning teddy bear where we find the free pen drawings, chalks, and even plaster scene. The gallery is open on weekdays between 10 a.m. and 4:30 p.m., and on Saturdays from 12 to 4:30 p.m.

NEW TRACK CAPTAINS

The track team of Phillips Academy held its annual banquet last Sunday noon and elected Richard Sheridan and James Reilly as co-captains to succeed Kelsey and Fisher. Phil Reed was the group's choice for manager.

ANDOVER-EXETER BASEBALL SATURDAY

This Saturday, May 31st, the Andover baseball team will close its season when it travels to New Hampshire to meet its traditional rival Exeter. On the basis of past records, Exeter is the favorite, having won a good proportion of its games thus far, while Andover has had two wins—over Deerfield and Tufts—one tie with Tilton, and seven defeats. Yet those who remember last year's encounter, when a highly-touted Exeter favorite was handed an 8-6 defeat by an underdog Andover outfit, know that anything can happen in New Hampshire this Saturday.

Coach George "Flop" Follansbee, former Princeton captain and catcher, believes the two teams more evenly matched than last year and predicts a tight contest. His main problem right now is to decide on which of three pitchers to start; Bill Howe of Weston, Mass., hockey captain last winter and son of Brigadier-General Howe of Camp Edwards, a big rangy boy who hits well; Seth Brockway of Suffield, Conn., a second-year boy with plenty of weight behind him; and Elliot Vose of Bronxville, N. Y., perhaps the steadiest of the three. The rest of the team, led by Captain Donny Boynton of Andover, Mass., soccer and hockey star, is at full strength, and while made up of youngsters for the most part, should give Coach Bill Clark's hopefuls plenty to worry about. The probable lineup is as follows:

Arthur Coleman, Andover, Mass., center field; Tuck Asbury, Cincinnati, O., third base; Freddy Hudson, Monroe, La., left field; Dick Duden, Englewood, N. J., right field; Donny Boynton, Andover, Mass., shortstop; Poppy Bush, Greenwich, Conn., first base; Punchy Pyle, West Chelmsford, Mass., catcher; Doug Sturges, New Haven, Conn., second base; Howe, Brockway or Vose, pitcher.

DRAINAGE COMMITTEE APPOINTED

The moderator has announced the following as being appointed on the drainage committee: Edward V. French, Joseph A. McCarthy and Sidney P. White.

PUNCHARD LOSES IN CLOSE GAME

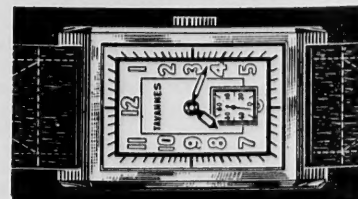

Monday night Punchard's baseball team came back to normal when they played an interesting contest with Ashland High. With both teams having five hits apiece the score was Ashland 5, Punchard 3. The Punchard boys showed remarkable improvement from their last few games when their opponents scored at will.

Last Friday Methuen defeated Punchard in a Merrimack Valley Suburban League game at Methuen by a score of 13-3. Methuen reached Punchard pitchers for 13 hits while Boehm, pitching for Methuen, twirled a five-hitter and struck out 10 Punchard batters. This game evened the series between Punchard and Methuen to one game each. They play again this afternoon at the Playstead, the game starting at 3:00. On Friday Punchard plays Johnson at Grogan's Field in North Andover, both games being league contests.

In the return Merrimack Valley suburban league game between Chelmsford High and Punchard, the latter was defeated 7 to 2; Chelmsford winning the previous game, also, with a score of 14 to 0. Punchard will play at North Andover against Johnson tomorrow at 2:30, and they will play Methuen next Wednesday. Both are non-league games and will close the season.

The league standing, at present, is Chelmsford, first, winning 5 games and losing none; Methuen, second, with a three win-three loss score; Johnson, third, winning two games and losing three; and Punchard coming in last with only one game to its credit and five losses.

NO HIT GAME

PITCHED BY DEYERMOND

The Saint Augustine's senior C. Y. O. baseball team defeated the Holy Rosary nine of Lawrence last night at the Cricket field as Warren Deyermund hurled a no-hit-no-run game. Deyermund struck out twelve, failed to issue a single pass, and after a poor throw put a man on base in the second, he retired the last seventeen men in order.

The home team scored the first run in the opening frame when Done led off with a walk, was bunted along to second by Doherty, and came all the way in as the catcher threw into left field trying to get him at third on a steal. They added two more in the sixth to make it 3 to 0.

It was the first victory for the Andover team in league competition, after two losses last week. The next league game will be with St. Mary's at Andover next Wednesday.

PHILLIPS TO DEBATE LAWRENCE HIGH

Tonight over WLAU from 9 to 9:45, Phillips Academy will debate with Lawrence High School over the subject "Resolved, that this House Favors the Rebalancing of the United States Budget." Lawrence is taking the affirmative side, while Phillips the negative. Each team will have three members giving an 8-minute constructive speech followed by one rebuttal speech from each side. Special Justice William H. Daly of the Lawrence District Court will act as judge.

The debate is an annual affair, but this is the first time that it has been broadcast. Andover's representatives will hail from Texas and two from the north, so that all viewpoints can be considered.

Paul L. MacKendrick, coach of debate for Phillips, will accompany his team, while Cornelius F. Sweeney, coach of debate for Lawrence High, will act as chairman of the debate. The decision of Special Justice Daly will be announced over the air at the close of the debate.

P. A. FROM JUNE 11

Phillips Academy has engaged Roly Rogers and his band to play at their annual promenade which will be held on June 11. Although the band is not as well known as many of the others, it is gaining popularity by leaps and bounds, and has already had many engagements at the Boston Bermuda Terrace in the Hotel Brunswick and has appeared at such college proms

as Simmons College, M. I. T., Tilton Academy and Northeastern University.

There was a five-man sax section, of which the leader is a member, and the star of the band is Bobby Falter, who was formerly with Claude Thornhill.

The leader is a graduate of Dean Academy and Tufts College, and was the previous manager of Jack Marchard's band, but left that position to swing a baton himself.

Country Club Memorial Dance

The Andover Country Club announces a Memorial Day dance which will be held Friday, May 30, and will start at 9 o'clock. The committee chairman, William H. EASTERN STAR FINAL MEETING

The last meeting of the Andover Chapter, No. 187, of the Eastern Star, will be held June 3 at 5:30 o'clock, for the transaction of any business, followed at 7:45 by a Guest night, when Matrons and Patrons of North Shore chapters will be the special guests.

We're In It

Tomorrow, Memorial Day, there will be addresses honoring our soldier dead, and chances are that some of the speakers will take the opportunity to speak against the involvement of the United States in this war. Yet there are facts that we here in this country must face today, and the most important one is that, whether we wanted it or not, we are in the war.

It doesn't take long to get into a war these days. Belgium kept out of it, but Belgium was thrust into it and was vanquished before it hardly had time to think. Norway was well out of it, too, but one morning it woke up to find itself in Germany's power. The list of examples is long. Let's not be one.

A year ago the President of these United States called on the country for a gigantic defense effort. The picture has changed in that year; many countries have gone under because they chose just to defend themselves and not to stop the aggressor 'way back when stopping was possible. The picture has even changed since last fall when the President in his election campaign made pledges to keep the country out of war; he may in all sincerity have thought it entirely possible then, and his countrymen too may have thought that, but were he today to choose a passive role for this Nation, he would be keeping an election pledge but sacrificing his Nation as many others have been sacrificed by hesitant leadership.

But before it enters this war the United States wants to be sure it won't have to enter another under similar circumstances. Secretary of State Hull made a speech a week or so ago that was rather obscured in the papers by the more sensational war news, and yet it gave the formula that we would want in the peace treaty, a formula of mutual help and of a breakdown of selfish nationalism through which we can realize permanent peace. To go into this war today with Great Britain, Germany or any other nation destined to come out of it with the same principles of imperialism and selfishness would be to sacrifice our boys uselessly as we did in 1917-1918. President Roosevelt would be doing the world a great service were he to insist in his dealings with Great Britain that the Hull-enunciated doctrines would be included in the final peace treaties.

On this Memorial Day let us pray that never again will men of any nation have died in vain, that never again will there be a Memorial Day in which the clouds of war obscure the deeds of those who have gone on before.

Unity Is Essential

After the November election, there was a great clamor for Unity. Everyone was in favor of working together in order to make the United States safe.

Today, it's apparent that our biggest stumbling block in our drive for Unity is Unions. Everyone, Congress states, is afraid to do anything about the vast number of strikes that have bogged down our defense production. The right to strike must not be curtailed, they say, forgetting that our Nation is endangered by the excessive use of this right, by the abuse of this privilege.

War today demands speed of production. Today, the soldier is not as important a factor as he was in the olden days; it's the machine that is all-important today—tanks—planes. Therefore, the man that works to build those tanks and those bombers is really an integral part of our army. If he walks out on the job, he's deserting just as much as the man who flees from the regular army, and if someone invites a man to walk out, he is just as guilty of treason as the man who tries to get soldiers to desert. We need those tanks and those planes and those ships. Every day is precious in these times when a nation can be overrun by enemy machines in a few days.

Much has been done for Labor in the past decade, and certainly much should have been done, for many employers forget that their first duty is a human duty—that of seeing that those who work for them are treated as humans, decently paid, working decent hours, under decent conditions. Much has been done by law; possibly much more remains to be done, but let's do it by law and not by taking a chance with our Nation's safety.

If this is done, there should be no need of strikes—no need of Unions which take a good part of a man's wages from him to support a well-paid administrative staff of so-called "Union leaders."

Anyone who has read Jan Valtin's "Out of the Night" realizes what an important weapon in Communist policy the strike is; let's not use it as a weapon against the United States.

The State Department of Public Utilities is planning to conduct another poll of telephone subscribers on the Lawrence toll charge matter, this to substantiate the recent private poll. The commission has allowed the local committee to examine the ballot and the letter so that it will be fair to all.

Personal Opinion Of Joint Concert

Many of you who attended the concert by the Community Orchestra and the Andover Male Choir, undoubtedly enjoyed yourselves tremendously. From correspondents we have received many compliments on their excellent work, and the following is one sent in by F. Homer Foster:

"I have listened to a concert given by the Community Orchestra and the Andover Male Choir. Every number was beautifully rendered. It was a pleasure not only to listen but also to watch the performers do their parts so harmoniously. They spent many hours in preparation for just this one concert. And the recompense the performers receive must be the pleasure they get from regular practice of the music which they love to do. Certainly the audience that comes to listen to the finished product is so small as to discourage such effort. It would seem that in a town of this size, an audience could be found to fill the hall and PAY FOR THE PRIVILEGE.

I hope the performers will keep up the good work, for those who did attend were most enthusiastic."

Former Townsman Cameraman, Now In Air Corps, Writes Of Panama

Don Surette, erstwhile Townsman cameraman, and Joe Hansen, his teammate, have finally reached the Canal Zone where they are in the army air corps. They spent a month first at Fort Slocum in New York.

The following interesting account of his travels is given by Donald, in word-pictures this time, in a recent letter to his mother:

Albrook Field
May 16, 1941

Dear Ma:

"Here we are at the Crossroads of the world. An unforgettable scenic panorama is formed by the irregular sandstone ridges, broad green valleys and the majestic palm trees of this area. Here we have only two seasons of special importance: the rainy season from to or through October and the dry season, from October to June.

"Our trip from New York on the Hunter Liggett was an interesting one. We were shipped like sardines (our bunks were so close) but we soon forgot our difficulties as evening closed in upon us. For then the cool oceanic breezes spring up from all around us and we (1000 soldiers) would gather on the afterwell deck and lift our voices in song—"God Bless America." Really, it was a beautiful sight but unfortunately we had only the full tropic moon and the starry southern sky for an audience. After the singing we enjoyed a moving picture. By that time, taps blew and down the hole we went. Most of us had plenty of K. P. but I was made an Acting Corporal for the duration of the trip so everything was easy.

"May 10th we landed in Trinidad (Port of Spain) in South America at the tip of Venezuela. The countryside there are beautiful. The trees are a much richer and darker green than anything we have in the States. The buildings and churches are built from a light yellow and rose colored stone and are magnificent. However, the city itself is in my estimation, the Hell hole of the Tropics. It's pretty filthy. The natives are negroes with a few Hindus and Puerto Ricans thrown in. Venereal diseases are prevalent at the Port of Spain and I believe some of them there never take a bath. I actually saw men and women stretch out into the gutter at night to sleep.

"Nevertheless, it's not all rot and filth. For in the country I enjoyed riding in the open air trolley cars similar to those of the 1900's which I am sure you and Dad must remember. American cigarettes here are 38 cents a pack but on the ship Joe can get a pack for seven cents or 60 cents a carton. Personally, you will be glad to hear that I have given up smoking for I can't enjoy it in this weather.

"On May 15th we arrived at Gatun Locks on the Atlantic side of the Canal and it took us eight hours to go through to the Pacific locks. At present we are confined in quarantine for 14 days—why, I don't know. (Probably to see if any of us developed any ills on the boat.)

My address is:

Not A Ghost; Only The "Doc"

There have been Service Club meetings, and more Service Club meetings, but none ever adjourned in the daylight so that one of its members could walk up Main street and cross the street opposite the Andover Motor Service Garage to go to his home adorned in night gown, night cap, bed slippers, bare legs and carrying a candle. However that's what happened the other night, when Dr. Stowers won a ten dollar "dare you bet" from Ellsworth Lewis.

It all started when Town Treasurer Thaxter Eaton gave a report to the club of the returns from their recent scholarship entertainment and dance, and also told the story of how Robert Morris, the great patriot of Revolutionary times, raised \$50.00 for the Continental Army by ringing door bells in the early morning hours, people generally responding in their night clothes. At the finish of his talk, Dr. Stowers appeared as they supposedly would have. He evidently looked so picturesque that the Club decided to let the town see him, but he wouldn't venture out until someone offered him ten dollars, which Mr. Lewis did—much to Doc Stowers' surprise, and probably disappointment. Anyway, only a welcher goes back on a dare, and the "Doc" didn't want to be that so he gave everyone a good time and was escorted up Main street by members of the club and the two school boy patrols who were guests of the

meeting, John Batal and Donald Cole.

James French of the Lawrence branch of the Registry of Motor Vehicles was the guest speaker of the evening and told of the various dangers of speeding and inattention, and that extra precautions should be taken where children are involved. He advised that one should never leave a car parked without taking the keys, and making sure that everything is securely locked, because most criminal cases involve stolen cars, and if the doors or windows are left open, it is one way of aiding crime, which no one wants to do intentionally.

The next meeting of the club will be held Wednesday, June 25, at the Andover Country Club.

OPEN HOUSE CONDUCTED AT MEMORIAL HALL LIBRARY

Have you noticed that there was unusual activity going on at the Memorial Hall Library during the past week? The library has been having "Open house" for the members of the ninth grade class of the Andover Junior High School. Pupils who complete the three-year course in the use of the library and books, and who will enter preparatory or high school in the fall are eligible in May for transferral from the Boys' and Girls' room to the Senior Library. So in order for them to become acquainted with the library they are given a conducted tour through the building to become acquainted with the librarians, be introduced to the book collection in the Senior Room, and are allowed to select books to take

home. This orientational interest, not only in people but to the library year's group showed a great use of books and a catalog, that the State under the supervision of the Memorial Hall Library, a five and important phase of work with who live too far away Boys' and Girls' Room they read, these young whom it is often sad read or take an interest going on in the world sample of a few of lected by one group: America's Music," "The Phantom Ship," "We Patty went to Coll "The Sea Wolf," "Vagatation," "Bowditch Practical Navigator, tory of American People "Art and I," Hitler's Jacobsen's "A Gift Mast," Edmonds' "The Mohawk," Gress' "A book of Printing," "The of Printing," "Bigger out a Key," Ford's "Pebbles," Doyle's "let," Ford's "Six Poison," Terhune's and Chase's "Mary

This year's group showed by its intelligent use of books and the library catalog, that the School Library, under the supervision of the Memorial Hall Library, is an effective and important educational phase of work with young people who live too far away from the Boys' and Girls' Room. What do they read, these young people of whom it is often said, they never read or take an interest in what is going on in the world? Here is a sample of a few of the titles selected by one group: Wier's "Young America's Music," Marryat's, "The Phantom Ship," Webster's "When Patty went to College," London's "The Sea Wolf," Vasseller's "Navigation," Bowditch's "American Practical Navigator," Isham's "History of American Painting," Hind's "Art and I," Hitler's "Mein Kampf," Jacobsen's "A Girl before the Mast," Edmonds' "Drums along the Mohawk," Gress' "American Handbook of Printing," Polk's "Practice of Printing," Biggers' "House without a Key," Ford's "Three bright Pebbles," Doyle's "Study in Scarlet," Ford's "Simple way of Poison," Terhune's "Buff, a Collie," and Chase's "Mary Peters."

STANDARDS FOR HOUSEHOLD AIDS

Within the past month, two meetings—the first at the home of Mrs. James Eastham and the second with Mrs. Emma Carter—have been held under the auspices of the Vocational Guidance Department of the high school to study the question of wages, hours, and work of those girls placed by the department either as full-time or part-time household aids. women forming the nucleus for the discussion represented the Shaw-sheen Village Women's Club, the November Club, the Andover League of Women Voters, and a few others "at large." Such real interest was shown at both meetings that sub-committees were formed to study the matter more in detail in the effort to benefit both the girls and their employers, and to place the work in the home on a basis more nearly like that in any other occupational field.

DEYERMONDS BUSY

It looks as if we'll have to have a special correspondent to cover Officer Deyermund's family. Calvin has been transferred from West-over Field at Chicopee to the Bangor Air Base where he is chauffeuring the major around. Sunday at Portland a lady named Mrs. Eleanor Roosevelt shook the hand of Calvin Coolidge Deyermund. Brother John Deyermund graduates from Syracuse next Monday, and brother Billy is getting married a week from Sunday. James (Tunny) Deyermund graduates from Punchard on the 10th.

The Power of Religion

A Sermonette by Rev. A. Graham Baldwin

Many years ago when the power of the Roman Empire was felt and feared in all parts of the Mediterranean world, and when it was common practice to persecute all Christians, a Christian stood alone one day near the corner of a street in Rome. Suddenly there came the sound of running feet and the shouts of an angry and excited mob. Then a man on whose face was written fear and terror, dashed past the Christian. He paused for an instant at the corner and then turning to the left, fled out of sight. In less than fifteen seconds those in pursuit reached the corner. They looked both ways, and then seeing the Christian there, the leader of the mob shouted, "You must have seen a Christian run past here. Which way did he go?" What answer should he give? He might have said, "Yes, he turned to the left," or he might have lied, saying, "He ran to the right." Instead, he replied, "I am a Christian."

Time and time again the power of the church has manifested itself by the willingness of its members to suffer persecution for the sake of their convictions. Under such persecution the church's power has increased. The greatest danger to Christianity in any age is not attack from without, but decay and corruption from within.

One of my friends was walking home from church one Sunday and as he neared the front door of his home he passed the great oak that grew in his front yard. It was a tremendous tree; its branches reached out, giving shade to almost half the area in front of the house. It had been there for as long as anyone could remember and he had come to love it for its size and strength. Lovingly he kicked his foot against its huge trunk and to his amazement his foot sank in three inches. He dropped to his knees to inspect the hole and discovered that the heart of the tree was gone. The worms and ants had eaten it away and dampness and rain were finishing the work of destruction.

To his disciples the founder of Christianity said, "Ye are the salt of the earth." It is your function to preserve the best in society; to bring out the fine qualities that people possess; to purify and cleanse all life. "But if the salt should lose its savour wherewith shall it be salted? It is thenceforth good for nothing but to be cast away and trodden under the feet of men. Ye are the light of the world. . . Let your light so shine before men that they may see your good works and glorify your Father who is in Heaven."

the large vestry. This will be the closing meeting of the season.

Hostesses will be Mrs. Alexander Crocket, Mrs. Harry Dennison, Mrs. Bryant, Mrs. Charles Dufton, and Mrs. Walter Downs. A social will follow the supper.

ROLL CALL MEETING WEDNESDAY AFTERNOON

The Woman's Union of the West Church will hold their June meeting in the vestry on Wednesday afternoon, June 4, at 2:30. It will be a Roll Call Meeting, and each member is urged to be present and respond to her name at the Roll Call. Hostesses will be Mrs. Chester Johnson, Mrs. Donald Savage, and Mrs. Winthrop Boutwell.

MAY 29—Dance In Memorial Auditorium

The sophomore class of Punchard has been planning a dance for over a month now, and it is nearly time for it. The dance—which is hoped to be the best of the year, because everyone is working and doing their best to make it go over with a “bang”—will be held in the Memorial gymnasium on May 29, the night before the holiday, for only 25 cents admission per person.

The committee—William Renny, chairman; Jean Gilfoy, Edward Smith, Patricia Arnold and Richard MacDonald—has arranged to have Harold Phinney's recordings, and with Harold there, there is sure to be fun for everyone and not a dull moment for anyone.

It is not necessary to dress in your “very best” but just wear something that you will feel at ease in when you dance around to the music of the “Virginia Reels,” “Dan Tuckers,” “Portland Fancies,” etc., because that's the only way a dance can be a success, and we're sure this one will be. Don't forget—May 29 in the gym.

Come one, come all and help support the class of '43. Don't forget when you were sophs.

Dine at the Thatched Roof Memorial Day. Enjoy our choice menus of delicious dinners.

Here it is, almost graduation

High School will be held on Wed-
nesday, June 18, in the Memorial
Auditorium. The general theme of

out the patriotic thoughts of the
audience will also be enacted.

The orchestra will furnish the
music, and a more definite program
will appear later.

JUNE 18—Annual Banquet To Be Civic Testimonial

The annual Punchard Alumni
banquet to be held Wednesday eve-
ning, June 18, will this year be in
the form of a civic testimonial to
Mr. Nathan C. Hamblin who re-
tires in June. Everyone in the com-
munity is invited to attend the ban-
quet and share in this recognition
of a lifetime of service and devo-
tion to the town of Andover. It is
doubtful if any community has ever
been so fortunate as to come under
the influence of such an outstand-
ing character for so long a time.
He is held in high esteem by school
men everywhere and his ability and
dignity have ever commanded the
respect of his fellow townsmen.

In order to make this a fitting
tribute to him, the School Commit-
tee, the Trustees of the Punchard
Free School, and the Board of Se-
lectmen are cooperating to the full-
est extent with the Alumni Execu-
tive Board.

The most convincing tribute
which the community can render is
to gather in impressive numbers.

The banquet will be held in the
Memorial Gymnasium at 6:30.
Tickets may be obtained from any
of the following committee or by
writing to Miss Elizabeth L. Bu-
chan, Lincoln street, Andover. The
Alumni committee: Joseph B. Do-
herty, Richard Sutton, Madeleine

ra, Annetta M. Anderson, Ruby N.
Laurie, David R. Petrie, John E.

Phillips Academy Commence-
ment exercises begin June 8, and

on that day at 4:30, the bacca-
laureate sermon will be delivered
by the Headmaster, Claude M.
Fuess, at Cochran Chapel. The
competition for music prizes will
be held the next day at 8 o'clock.

Thursday, June 12, the class day
exercises will be held with the
following committee in charge of
the day's activities: William T.
Bacon, class prophet; William
Spengler, class orator; Alan S.
Cook, class poet; and Otis Eris-
man as class historian. These ex-
ercises will be held in George Wash-
ington Hall.

JUNE 9—Exercises In Memorial Auditorium

Here it is, almost graduation
time, and the senior class of Pun-
chard High has chosen the fol-
lowing committee in charge of its
class day exercises: Stafford Lind-
say, chairman; Kenneth Lewis,
Wilson Knipe, Thelma Fair-
weather, Harriet Broughton, Eileen
Lawson, William Batchelder,
James Carmichael, Kathleen Quill
and Kathleen Buss.

Speeches for the evening will be
delivered by Helen Brickett, Isabel
Johnson, Claire Flaherty, Ralph
Manning and Walter Gailey.

The class supper is not open to
the public, but the evening's en-
tertainment is, so why not all go to
the Auditorium on June 9 at 8
o'clock and have a really enjoy-
able time that doesn't cost a penny.

JUNE 18—Jr. High School Patriotic Assembly

The final assembly of the Junior
High School will be held on Wed-
nesday, June 18, in the Memorial
Auditorium. The general theme of
the assembly will be patriotic with
an interpretation of the song
"America" with original essays
and poems. Other poems and
songs that are suitable to bring
out the patriotic thoughts of the
audience will also be enacted.

The orchestra will furnish the
music, and a more definite program
will appear later.

JUNE 18—Annual Banquet To Be Civic Testimonial

The annual Punchard Alumni
banquet to be held Wednesday eve-
ning, June 18, will this year be in
the form of a civic testimonial to
Mr. Nathan C. Hamblin who re-
tires in June. Everyone in the com-
munity is invited to attend the ban-
quet and share in this recognition
of a lifetime of service and devo-
tion to the town of Andover. It is
doubtful if any community has ever
been so fortunate as to come under
the influence of such an outstand-
ing character for so long a time.
He is held in high esteem by school
men everywhere and his ability and
dignity have ever commanded the
respect of his fellow townsmen.

In order to make this a fitting
tribute to him, the School Commit-
tee, the Trustees of the Punchard
Free School, and the Board of Se-
lectmen are cooperating to the full-
est extent with the Alumni Execu-
tive Board.

The most convincing tribute
which the community can render is
to gather in impressive numbers.

The banquet will be held in the
Memorial Gymnasium at 6:30.
Tickets may be obtained from any
of the following committee or by
writing to Miss Elizabeth L. Bu-
chan, Lincoln street, Andover. The
Alumni committee: Joseph B. Do-
herty, Richard Sutton, Madeleine
K. Simeone, Frederick W. Gould, C.
Madeleine Howes, Everdike M. Thi-
ra, Annetta M. Anderson, Ruby N.
Laurie, David R. Petrie, John E.
Haggerty, Robert T. Nicoll.

JUNE 21—Formal Dance At Country Club

At a meeting of the Sorority of
Our Lady, the Blessed Virgin Mary
Sodality and the C. Y. O., it was de-
cided to conduct a formal dance at

the Andover Country Club on Sat-
urday night, June 21.

The following committees were
chosen to be in charge of the af-
fair: General co-chairmen, Anne
McCarthy, Mary Harkin and
Thomas O'Dowd, presidents of the
various societies; refreshments,
Anne Scanlon, Eleanor Raidy, and
Warren Deyermund; orchestra,
Everilda Collins, Mary McNulty
and Edmund Connolly; tickets,
Janice Driscoll, Josephine McNulty
and Thomas Brennan; publicity,
Eileen Lawson, Pauline Dufresne
and James Doherty, and decora-
tions, Edith Hoyer, Marcelle Pois-
son and Thomas O'Dowd.

As yet, the admission price and
the orchestra have not been de-
cided upon, but these announce-
ments will be made next week.
Don't forget—don't make any other
plans for the night of June 21; you
have a date at the Country Club.

FRONT COVER

"Phyllis, the Beggar Girl," the play put on by the men of the Christ Church proved to be very successful last Friday evening. The skillfully applied make-up on some of the cast made their identity impossible until the very end when they had to "unmask" before the audience.

The cast was as follows: Phyllis, Walter Rankin; the villain, Geoff Glendinning; Phyllis' mother, Al Palmer; the hero, Walter Caswell; Bill Hughes; the father, Carleton Kimball; hired man, Guy Howe; Mr. and Mrs. Ratt, Harold Ellis and George Musk.

BRIGGS-ALLEN GUEST DAY

The annual Briggs-Allen guest day is being held today with the program beginning at 9:30 this morning. This morning's program was one which gave each child something to do as well as working in some of the work done during the school year. Everyone did well, but unique was the story of Christopher Columbus given in her own words in her own way by Polly Paradise. Patricia Peterkin sang her own music to "The Dandelion," and Grace Delemare charmed the audience with her sweet singing, as did Donald Craig. Edna Beck's clever carrying of the whole program was skilfully done and her singing of "The Trees" won great applause. Edna Beck, wearing a white dress with the trimming of the school color, was presented a diploma by Mrs. Eaton.

Prizes for spelling were given to Andrew Rankin, Mary Elise Waddington, Anne L. Sanborn, Carole Wheeler, Claire Wheeler, Patricia Peterkin and Grace Delemare. Prizes for good attendance were given to Virginia Kenney who had missed only two days since school started, also to Mary Elise Waddington, Claire Wheeler and Donald Craig who missed only four times.

Special recognition was given Mrs. Morse, who had so carefully trained the children in music, and to Mrs. Rowe, Miss Marland, Mrs. Howe and Mrs. Burt for their faithful loyalty and fine teaching in the school.

School will resume classes as usual on Monday until the 12th of June when school will close.

Lineman's paradise?

A telephone pole nine hundred and sixty feet high . . . more than five times the height of Niagara! Doesn't seem reasonable, does it . . . especially when you think of the man with the spikes! But that's how high a pole would be if it carried the 4,242 wires now packed into a cable only 2½ inches thick!

Which means what?

Simply that telephone engineering has gone a long way since you last tangled a kite-tail in that maze overhead!

Today's telephone poles don't have to be abnormally high . . . nor do we need as many in proportion to traffic. . . . Nearly 97% of this company's wire mileage is now in cable, and nearly 61% of it in *underground* cable.

That is just a sample of many ways in which your telephone company has met changing conditions . . . given you better service despite a tremendously increased "load."

THE ANDOVER TOWNSMAN, May 29, 1941

An open Letter to Certain Citizens of Andover

Dear Friends:

Running a railroad is essentially the same as running a grocery store, a drugstore, or any business. First off, the customers of the store must get their money's worth—full value for what they buy. Second, the people who run the store and who work in it must get paid fairly for the service they render.

Our job happens to be selling you rides on our trains. We think we give you about the best value for your travel dollar you can get anywhere. Only two cents a mile! (less for commuter tickets.) In addition, we give a lot of plus values which our patrons seem to appreciate. For instance, we supply every individual rider with a *chauffeur*. We call him our Engineer. We also have on every train important men who not only collect tickets but see that you are comfortable and that your ride is free from annoyance. The Conductor, who waves his hand to start the train, makes sure that everything is in "apple pie order"—makes sure you ride in safety and security. His assistants—we call them Trainmen—help him in working for you.

We at the B and M realize that we can't please everyone. Neither can the grocery store. For instance, we can't run a train at the instant some customers decide to go to Boston. We can and do, however, schedule our trains to meet the convenience of a great many people.

Sometimes our friends wish, as we do too, that all our cars could be as modern as our best ones, but even so, these people tell us that they'd take the train any day over bucking Spring and Summer traffic.

We think a month's trial will convince most discerning commuters that train travel is worth while from every viewpoint. We say "discerning" persons because we know that most of our patrons travelling by train have carefully examined all the ways to travel and have come to the conclusion that train travel affords more relaxation—more rest for tired nerves—and makes them better workers and better home bodies.

Many of you agree with us—look over the people in your town who travel by train. We think that they are an intelligent group—a smart bunch of people. They *like* the train. We think you will too. Why don't you try it?

Very truly yours,

Boston and Maine

HONOR FATHER CAMPBELL ON 25th ANNIVERSARY

Last Tuesday night more than
600 men and women gathered in
the St. Mary's auditorium in Law-
rence to honor the Very Rev. Pat-
rick J. Campbell, O.S.A. on his
completion of 25 years as a mem-
ber of the Augustinian order of the
priesthood.

From this vicinity and from many
distant points prominent guests at-
tended. Headed by Governor Lev-
erett Saltonstall many notables
paid tribute to the local pastor
who, for the last six years, has
been the prior and pastor of St.
Mary's and has proved his influ-
ence on Lawrence and the sur-
rounding community many times in
that short term.

The evening banquet in the au-
ditorium came as a fitting climax to
a day of celebration in honor of this
well-loved man. Starting at 10
o'clock Tuesday morning the priest
celebrated a solemn high mass as-
sisted by the presence of more than
40 priests and pastors. During the
banquet, various speakers told
again and again of the helpful and
guiding accomplishments of Father
Campbell which have made him the
highly esteemed pastor that he is
in his church and the great influ-
ence he is in the community.

The final observance of the pas-
tor's silver jubilee will be the cele-
bration of a mass in his home pa-
rish in Philadelphia on Friday,
which will be attended by members
of his immediate family and friends
there.

BOAT SINKS AT CANOBIE

William J. McCarthy, well known
postal clerk here in town has had
quite a bit of trouble lately with
something he spent most of last
winter building, namely, his boat.
It seems as though he spent a good
deal of his time at Canobie last
winter so that this summer he
could enjoy the lake with a new
speed boat. He no sooner launched
it than it started to leak and by
nightfall was at the bottom of the
lake.

A little thing like the sinking of
his boat would not stop Bill, though.
He dragged the boat out and gave
it a general overhauling and now it
is considered as good as new. Well,
maybe not exactly new, but a
novelty, anyway.
